

Mickleover Primary School

Parent Questionnaire November 2015

A big 'thank you' to all of you who took the time to complete the questionnaire we sent out in November; we have never had so many returns - 49% of families. Your replies and comments are extremely helpful in identifying what we do well and how we can improve. One particular area which received several comments was question 9; receiving more information regarding your child's progress. This is something we are looking into as a school; however, if you have time to write down your thoughts as to what this might look like on the slip at the bottom of the page, it would help us even more.

Homework: although some parents feel we don't give enough homework, or their child receives too much homework, the vast majority of you felt that the amount of homework was right for your child/children.

Please remember, that if your child isn't happy at school, or is having friendship issues, do come and see the class teacher so that we can put strategies in place to help. If you still feel the issue is not resolved, please do come back into school so we can try a different strategy; Mrs Jones (infants) and Mrs Halliday (juniors) are also available and would be happy to meet with you if you wanted to talk to them. We want all children to see Mickleover Primary School as a happy and safe place to be and we can achieve this by working together.

The governors are going to be looking at ways in which they can raise their profile so that you, as parents, know who they are and what their role is.
